# TRAP.

AUTOMATICALLY returns the water of condensation from any surface It will return the water from low PRESSURE CIRCU-lation into a HIGH PRESSURE BOILER.
IT IS NOISELESS,
POSITIVE, SIMPLE
AND CHEAP.

# THE CURTIS PRESSURE REGULATOR

For Steam and Water.

The Lock-up Attachment \$3.00 Extra.

This valve contains a novel combination of old and established principles, is made entirely of metal; occupies the same space as a globe valve, for the same size pipe, is a lock valve, is very simple and sen-

It has no glands, or packing, and the seat may be made of any suita-ble material for steam, water or any ther gas or fluid.

It is used on STEAM HEATING APPARATUS, DRYERS, SLASHERS, JACKET KETTLES OF ALL KINDS, AIR AND WATER PUMPS, ETC., and, in fact, everywhere that air, steam or water needs to be controlled automatically.

#### WHAT WE CLAIM FOR IT.

1. It will fully control the outlet valve on a change of temperature of five degrees. 2. The outlet valve has an area nearly equal

o the area of the connecting pipes. 3. It will discharge air as freely as water, and remove large quantities of air as fast as the steam will displace it. 4. Any trap will work from 1 to 100 pounds pressure. 5. It is small. imple, durable and accessible.

#### INSTRUCTIONS TO KEY HOLDERS.

1. On the breaking out of a fire, notice should be immediately communicated to the nearest Alarm Box, Keys of which are always in the hands of the Police, and responsible persons in the vicinity of the Boxes.

2. Key holders upon the discovery or positive information of a fire, will unlock the box, pull down the slide or hook once, and let go. This gives the desired alarm all over the city, repeating itself five times.

3. All persons giving fire alarms are requested to remain by the box a moment, and if no clicking is heard in the box, pull again; if you still hear no clicking, go to the next nearest box and give the alarm from that.

4. Never signal for a fire seen at a distance. Never touch the hook except to give an alarm of fire. Be sure the box is locked before leaving it. Give an alarm for no cause other than an actual fire. Do not give an alarm for a chimney.

5. Owners and occupants of buildings are requested to inform themselves of the location of the signal boxes nearest their property, also the places where the keys are kept. Be sure the alarm is properly given. One single stroke of the Alarm Bell and Engine House Gong is not given for an alarm of fire.

6. Alarms will be sounded on the Fire Bells thus: For box 5, five strokes, 1—1— 1—1—1, with short intervals and repeating. For box 32, the strokes, 1—1—1, a pause, then two strokes, 1-1-, a pause and re- George T. Newhall.

peating. Alarms for other numbers are given in a like manner.

7. Ten successive strokes upon the Alarm Bells will be given as a signal for calling out the whole Fire Department.

CAUTION—Never pull the hook while the Alarm Bells or the Gong in the box are striking.

# BOARDING and DAY SCHOOL,

1575 Chapel St., New Haven, Conn. WILLIAM H. STOWE, Principal.

The PRINCIPAL, who was for SEVENTEEN years connected with the faculty of the

# COLLEGIATE AND COMMERCIAL INSTITUTE.

conducts the work upon the same plan which the late General Russell so long carried out at that well-known institution.

The school is located in one of the healthiest and most pleasant parts of the city, in a building fitted with modern improvements, and no pains will be spared to make it an attractive and comfortable home for the pupils, as well as to maintain the highest standard of scholarship.

The school is designed to secure for boys, at as early an age as possible, a thorough elementary English Education: and, upon this as a basis, to give an accurate and complete preparation for the Academical and Scientific Departments of Yale College; for the United States Naval and Military Academies, or for any Business Pursuit.

The Boarding Department is intended for pupils who do not reside with near relatives in New Haven, and to secure to them those family advantages and that paternal care and moral and religious discipline which their age so obviously demands, and without which so many are ruined physically and morally, while ostensibly pursuing their studies in Schools and Colleges.

The time of greatest danger to boys is outside of the ordinary hours of a day-school. This School provides care and supervision that extend equally through the twenty-four hours of the day, securing—as cannot be done in any private family—abundant and wholesome exercise and amusement for the play-time, and safety, by thorough inspection during the hours of rest.

TERMS: Day Pupils, \$63; Boarding Pupils, \$400 per annum. For further particulars address the Principal.

The school was established in 1660.

Its chief design is to prepare Boys for the Classical and Scientific Departments of Yale College.

For those living in New Haven and vicinity, the best time of entering is at the age of eleven or twelve.

The course of study embraces not only Latin, Greek and Mathematics required for admission to College, but all the common English branches.

An Eight-page Daily Paper, the Daily Union has the largest circulation of any paper in the city of New Haven, receives the full dispatches of the Associated Press, and is universally acknowledged to be the best local paper in the city. Circulation in Meriden; 1500 copies.

The Sunday edition of the Union is the leading Sunday paper in Western Connecticut, and has a very large circulation. All the matter is specially prepared for this paper with the greatest care. Its sales on the streets of New Haven alone are about 5,000 copies, besides what are delivered by carriers at the residences. Our Sunday edition also goes into six of the eight counties in the State, viz: New Haven, Middlesex, Litchfield, Fairfield, Windham and New London. It is served by carriers and sold on the streets by newsboys in all the towns and cities northward to Meriden, southward to Bridgeport, eastward to New London and westward to Winsted, comprising altogether about forty places. As an advertising medium it is unequalled in the state.

The Weekly Union is published on Thursday morning, and is made up from the Daily and Sunday editions of the Union. It is in every respect a family paper, and besides containing all the news of the week has a liberal amount of choice miscellany, stories, reading for farmers, etc. Price \$1.00 per year, postage prepaid.

Specimen Copies sent Free of Charge.

#### GEO. D. SEYMOUR, SOLIGITOR OF PATENTS and COUNSELOR IN PATENT CAUSES.

81 Church St., Connecticut Savings Bank Building, New Haven, Ct.

Opinions involving questions of validity and infringements rendered, interference and infringement proceedings conducted, rejected applications prosecuted, licenses and contracts prepared, and other work relating to patent matters attended to at charges proportionate to the service rendered. An estimate will be given as each matter may be submitted.

FOR FIVE YEARS the subscriber was in the Patent and Law Offices of Henry A. Seymour, Esq., of Washington, D. C. In this connection he had the opportunity of following an extensive and varied patent practice, and of acquiring a familiarity with the Patent Business such as only an extended residence in Washington and daily visits to the Patent Office can give.

Being now established in New Haven, he offers his services to the public as Attorney and Solicitor in Patent Cases. He will make frequent trips to Washington, and further, Mr. Henry A. Seymour will act as Associate Attorney to attend the prosecution of cases before the Patent Office when necessary. Clients

are thus ensured the two-fold advantage of personal interviews with their Attorney and a resident rep sentative at Washington. GEO. D. SEYMOUR.

#### TESTIMONIALS ON EXHIBITION.

A CASE OF BLINDNESS RESTORED .-- I became blind, when five years old, from the effects of vaccinatiou. Since that time until October 15th, 1885, a period of fifteen years, I have been deprived of that inestimable blessing, light. I was educated in the Institute for the Blind in South Boston, of that inestimable blessing, light. I was educated in the Insulate for the Diniu in South Doston, Mass. I have been treated by many of the leading physicians in New Haven and Hartford without receiving any benefit. The leading oculist of the Eye Infirmary in Boston, Mass., pronounced my case incurable. On October 15, 1885, I was put under the treatment of Dr. A. Brown, of 185 Olive street, New Haven, Conn., and in two weeks' time, thanks to his wonderful skill, my sight was restored. By making my case known I may be the means of helping others.
